DETAILED ACTION

Claim Rejections - 35 USC § 112

Claims 1-7 and 36-40 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. It isn't clear how the bite tab extends along a substantial portion of the longitudinal extent. Also the original disclosure doesn't provide any antecedent basis for the bite tab extending along a substantial portion of the longitudinal extent.

Claims 1-7 and 36-40 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 1-7 and 36-40 it isn't clear how the bite tab extends along a substantial portion of the longitudinal extent.

Note: The examiner is willing to give favorable consideration to claim 1, reciting - a pair of bite tabs, extending along a substantial portion of the longitudinal extent --. The examiner is also willing to have a telephonic interview in order to expedite the prosecution of this application.

Allowable Subject Matter

Claims 27-35 and 41 are allowed.
